**PURPOSE:**

To define the Southern Fox Valley Emergency Medical Services System (SFVEMSS) vehicle provider's process for deployment(s) to scale local, State, Regional or National incidents.

**POLICY:**

Agencies who are willing to send their providers to an Emergency Management Assistance Compact (EMAC) or are requested via FEMA or MABAS (outside Illinois) shall complete the following PRIOR to deployment.

- 1) Submit proof of request for deployment
- 2) Submit the following information to SFVEMSS:
  - a) Call sign of the vehicle that is planning on deployment
  - b) VIN of the vehicle that is planning on deployment
  - c) License plate number of the vehicle planning on deployment
  - d) Date of Departure
  - e) Date of Return
  - f) Service Level
  - g) EMAC / NAC request
  - h) Location deployed to
- 3) Once the above information is submitted to SFVEMSS, SFVEMSS will notify via email the Regional EMS Coordinator for IDPH, the Ambulance Section Chief for IDPH and the Division Chief of EMS for IDPH.
- 4) Upon return from deployment a SFVEMSS inspection (as well as possible IDPH inspection) will need to be performed prior to return to normal service.
- 5) If the deployment of an ambulance would decrease or alter the normal response times of the agency, SFVEMSS and or IDPH may reject the request.
